Making a difference through fine food

SPRING/SUMMER SEASONAL EDITION 2025

# Spring/Summer 2025

Following feedback from our loyal customers, we have expanded our ever-popular Spring Catalogue to include events right through the Summer. From Valentine's Day, Mother's Day and Easter through to Father's Day, BBQ season and picnic selections, we have brought you the very best ideas make your Spring Summer 2025 range selection easier and to delight your shoppers throughout the year !

Easter in particular is a very important event within fine food retailing. Overall in the UK, Easter was estimated to be worth £892m in 2024 - with growth at a staggering 38% since 2016. However, this is not just gifting - almost 38% of this spend in 2024 was on in-home food & drink.

Whilst chocolate and eggs, continued to dominate the bulk of our Easter sales in the Speciality sector, we saw sales of biscuits and sweets take a bigger slice of our overall performance in the market. Therefore, for 2025 we have looked to introduce more confectionery and biscuit brands, particularly ones with new flavours and formats.

We hope over the next few pages you discover some brands and products that you believe will enhance your range, providing your customers with some real alternatives to the mainstream offer available in most major retailers. Please look out for this symbol, as these are also lines that are exclusive to Cotswold Fayre in the speciality sector.

Exclusive to  
Cotswold Fayre  
Badge

“ Last year's spring range was full of not only our best-selling brands but lots of new and exciting products to fill our seasonal displays throughout the whole Spring season. We loved the addition of new brands such as Chococo - their Luxury Chocolate Eggs were our favourite product from the Easter range ”

Natalie Edwards, Assistant Director, Priory Farm Estate

In 2015, Cotswold Fayre became one of the first companies in the UK to achieve B Corporation certification. B Corps are for-profit companies that meet rigorous standards of social and environmental performance, accountability and transparency. We're helping our suppliers and retailers to achieve B Corp certification too. Look out for our partner suppliers that are, like us, a certified **B-Corporation**. These suppliers are highlighted in the catalogue with this symbol beside them.

We've been baking cakes for some of the UK's biggest names and most iconic brands since 1972, from the Houses of Parliament and St James' Palace to well-known department stores across the UK. But at our heart we're still the same family-run artisan Lincolnshire bakery we've always been.

# All-new flavours

## Here's why customers are going wild for these new flavours...

**New York Cheesecake** *really* does taste like cheesecake. We've taken it out on the streets and the reaction to it is simply amazing.

**Popcorn and Peanut** is as fun as it is delicious. One person told us *"it tastes like going to the cinema"*.

**Raspberry Mojito** is a surprising two-part flavour. It starts with punchy Raspberry which then gently gives way to a refreshing mint.

**Seville Orange** is velvety smooth and oh so orangey. It's so good, we made it in Milk and Dark chocolate options.

# THE MIXERS CAUSING A STIR

After finding most mixers lacked the vibrancy of the spirits they were paired with, we set out to develop a range that would become the life and soul of the party, bringing much needed personality, energy and flavour to the category.

As well as building an unforgettable collection of dual-flavoured mixers, we have also continuously thrived to do business the right way, which is why we're proudly carbon neutral and officially the FIRST mixer brand to gain their B Corp status.

Award winning liquid that is bold, yet naturally low in sugar and calories with no added nasties?

Now that sounds like a reason to party!
