

COTSWOLD FAYRE

Making a difference through fine food

FROZEN 2024 CATALOGUE

Frozen 2024

Since launching our Frozen Food range last June, and now entering our 25th year, we have been thrilled by the success of introducing this category to our customers. Which has solidified Cotswold Fayre as THE comprehensive wholesaler for all your speciality fine food needs, right across your store.

Emma Hunt
Category Manager

The Frozen food market continues to go from strength to strength, with value growth in excess of 15% year on year and set to continue this upward trajectory. One of the key trends driving this is the premiumisation of the category. Consumers are increasingly looking for high-quality, innovative meal solutions, that are not only convenient, but help to reduce food wastage which frozen foods are ideally placed to provide. Dietary and health factors are also a key driver; younger consumers are reversing the views that frozen food correlates to unhealthy food, so are stocking up on frozen healthy alternatives, which are not only value for money but are an environmentally positive choice.

Fiona Latham
Frozen Buyer

Ice Cream is the single largest sector in frozen and is seeing growth well ahead of the overall category. The rise of indulgent ice-cream snacking to provide a treat in uncertain economic times, whilst keeping portion control and nutritional aspects at front of mind, has been a key driver in this area. Cotswold Fayre offer a comprehensive range of brands and products to satisfy this demand across all ages and demographics, as well as freezer solutions.

Savoury Foods are another key growth area, driven by plant-based meals and the increased focus on world cuisines. Our buyers have worked hard to bring you the very best products across frozen savoury, from the tastiest ready meals to our ever-popular range of pies, pastries and sausage rolls.

**“Our frozen minimum order value
is £500 in mainland UK”**

We are also excited to showcase our range of foodservice lines available – ideal to cook and serve as part of your store’s deli or café.

Our Sales, Category and Marketing teams are keen to work with you on your optimum frozen range : whether you have a number of freezers available or perhaps don’t think you have enough space, we can provide a solution to enable you to benefit from this growing market to satisfy the needs of your customers across the year – If you are thinking about adding this category or planning to revamp your frozen offer this year, please contact us at sales@cotswoldfayre.co.uk

Sources : Kantar, Mintel, The Grocer, Speciality Food Magazine

In 2015, Cotswold Fayre became one of the first companies in the UK to achieve B Corporation certification. B Corps are for-profit companies that meet rigorous standards of social and environmental performance, accountability and transparency. We’re helping our suppliers and retailers to achieve B Corp certification too. Look out for our partner suppliers that are, like us, a certified B-Corporation. These suppliers are highlighted in the catalogue with this symbol beside them.

CROSTA & MOLLICA

Crosta & Mollica

The modern Italian food brand. The story began in the Italian countryside. Founder James was working for a company that imported Italian fruit and as he travelled from region to region – meeting fruit farmers, their families, and their workers – he saw how much love and effort Italians put into crafting their food. More than that, he experienced the effortless, unhurried joy that followed when they sat down to enjoy it together. Inspired by what he found. Crosta Mollica was born.

Food Service

The Sunrise Patisserie

The Sunrise Patisserie

Dan, the founder of The Sunrise Patisserie, started the business after falling in love with Pastéis de nata in Porto, Portugal. On returning to the UK, he was unable to source traditional Portuguese Nata's which tasted like the real thing!
